Negro Fugitive Captured Here.

Henry Powell, the fugitive from justice, wanted by the police of Georgetown was arrested yesterday morning by patrolman Fred Lind at Centerville, and taken to Georgetown yesterday morning on the 10 o'clock interurban car and turned over to the authorities of that city.

Powell has been wanted in Georgetown for four or five years, on a charge of maiming a negro woman and is believed to be the negro who escaped jail together with three or four other prisoners.

Jailer Z. T. Lusby was in Paris last week and asked the assistance of the local police in his efforts to locate the negro, who he said was probably around in the neighborhood as he had relatives in Bourbon county.

After giving a description of the negro it was learned that a man answering that description had been in jail here on a minor charge. Sunday patrolman Link learned that the negro had been employed by Stuart & O'Brien in cutting hay at Centerville, and early yesterday morning he drove to the home of one of his relatives where he was informed the negro had been stopping.

After several attempts to gain admission to the house the officer finally forced his way through the door as Powell was coming down the steps half dressed and presumably making an effort to escape. He was brought to Paris and placed in jail where he remained until taken by the officer to Georgetown.

Building New Street.

The city employees under Street Superintendent John Cain, have been engaged the past week in constructing a macadamized street on Fifth avenue, through White Addition, and extending from the Louisville and Nashville railroad bridge. The workmen are now engaged in building a street in front of the hospital property to the base ball park. The street is of an excellent grade and one of the most substantial ever constructed in the city.

Investigating Disorders.

At Salyersville, Magoffin county, Saturday afternoon, Lee Patrick, a well-known citizen of that place, was killed by persons believed to be connected with another prominent family of that place. It is reported that the officers had arrested Clarence Ernie and Frank Ernie on a charge of killing Patrick and they are in jail. Feeling is running high and the militia was called out to preserve order. For fear of a clash between the two factions additional troops were asked for and the authorities at Frankfort sent Gen. Roger D. Williams to the scene to investigate the conditions, and determine if additional troops were needed. General Williams was also ordered to investigate the mine disorders at the Rose Run Mines in Bath county.

Hoosier Cars Pass Through Paris

The caravan of Indiana made cars passed through Paris yesterday afternoon on the last lap of their annual trade extension Four-State Tour illustrating the activity and progressive spirit that prevails in the automobile industry in the Hoosier State.

The party of tourists arrived in this city yesterday afternoon about six o'clock, after a delay of several hours at Maysville, occasioned by the unloading of the twenty cars from the boat, after the trip by water from Huntington.

The trip from Maysville to Paris was made by the twenty cars in the party without a serious mishap, and during their stay here of about one-half hour, the cars were parked in front of the court house.

The party's roster is as follows: American, D. S. Means Co., E. C. Updick M. O'Leary, Ralph Reade, C. E. Bayden, H. G. Fletcher.

IMPERFECT IN ORIGINAL

Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopoeia and relies on an adaptation of the method of wild animals in curing themselves. . . . *N. Y. World.*

It was Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, mandrake and queen's root, black cherrybark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that nature has provided.

Dr. R. V. Pierce.

J. DONALD MATHERSON of Ossining, N. Y. says: "I suffered for over five years with what the doctors told me was a dilated condition of the stomach, associated with a catarrhal condition of the stomach, and nervous heart. I had tried enough nux, bismuth, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of 'Golden Medical Discovery' I gave it a fair trial. Took the 'Discovery' and also the 'Pleasant Pellets,' and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if any 'doubting-Thomas' writes me I will 'put him wise' to the best all-around medicine in the country to-day."

DEMOCRATIC TICKET.

For President,
HON. WOODROW WILSON,
of New Jersey.

For Vice-President,
HON. THOS. R. MARSHALL,
of Indiana.

For Congress,
HON. J. CAMPBELL CANTRILL,
of Scott county.

Growing in Favor.

The nomination of Woodrow Wilson as the Democratic nominee for President by the Baltimore Convention is growing in favor more and more as the days go by. It is now apparent that the Democratic nominee will not only have the united support of his own party, but it is equally certain that he will be given the almost united support of the independent vote, and will also poll a large per cent. of the progressive vote of the Republican party.

It has also now developed that the third party movement which Col. Roosevelt is agitating will not have any material effect upon Governor Wilson's candidacy. If Roosevelt succeeds in his efforts to organize a "progressive" Republican party, with himself as the nominee for the presidency he will draw at least one vote from President Taft for every vote that would otherwise support Wilson.

The fact is that a large per cent. of the progressive independent and Republican voters included in Mr. Roosevelt's admirers, have become satisfied that the rough rider hasn't a ghost of a show to win in November as a third-party candidate, and many of them have expressed their determination to put a progressive president in the White House by supporting Woodrow Wilson.

Even in Pennsylvania the Democrats are planning to wage a winning campaign for Wilson and Marshall, and it is not only possible but probable that their efforts will not be in vain.

If Wilson can carry Pennsylvania it is not the least exaggeration to predict that he will carry every State in the Union.

The Big Issue.

United States Senator LaFollette, in the closing chapters of his autobiography, which has been running in the American Magazine, and which is soon to be published in book form, gives what he considers the one big issue now confronting the American people. He says:

"In twenty-five years of political struggle I have found one great issue overshadowing all others—the encroachment of the powerful few on the rights of the many. All the issues of today are phases of this one great question. How shall the individual, the farmer, the worker, and all those who pay tribute, be set free from the unjust exactions of the tariff, the railroads, and other forms of oppression by special interest."

"When Roosevelt became president the total stock and bonds issues of the trusts was \$3,784,000,000. When he turned the country over to Taft this total had grown to \$31,672,000,000, seventy per cent of which is water."

"The people of this country are paying dividends on all this watered stock, in the form of unnecessary high prices for the things they eat, use and wear."

Will Insist on Baths.

The master of Navan Union, County Meath, Ireland, in which institution compulsory baths for able-bodied tramps have been introduced recently, reported that 14 tramps were admitted the previous night, and, rather than take baths, seven left. The chairman then stated that the motto of the institution from henceforth, should be "Swim or Shift."

Federal Agent Will Aid.

Bradford Knapp, head of the farmers' demonstration work in the South for the National Government, will come to Kentucky to meet the State Board of Agriculture and the agents of the railroads in this State to aid in organizing forces which will develop the agricultural interests of the State. This will be the first move which the National Government has made toward assisting the advancing of the agricultural interests of Kentucky.

Commissioner of Agriculture Newman, who has been at Atlantic City since the Baltimore Convention, reached home this morning, and reports that the work of establishing the fish hatchery at the State Fair Grounds in Louisville will be started at once, and will be equipped in three months' time.

A Girl's Wild Midnight Ride.

To warn people of a fearful forest fire in the Catskills a young girl rode horseback at midnight and saved many lives. Her deed was glorious but lives are often saved by Dr. King's New Discovery in curing lung trouble, coughs and colds, which might have ended in consumption or pneumonia. "It cured me of a dreadful cough and lung disease," writes W. R. Patterson, Wellington, Tex., "after four in our family had died with consumption, and I gained 87 pounds." Nothing so safe and sure for all throat and lung troubles. Price 50c and \$1.00. Trial bottle free. Guaranteed by Oberdorfer.

Only One-Half Vacate Office.

Misapprehension of the school act passed at the last session of the General Assembly, amending the act of 1905, is causing considerable concern among the school trustees of the State, who have been writing to the Department of Education at Frankfort to know whether all the trustees go out of office this year. Superintendent of Public Instruction Barksdale Hamlett issued a letter explaining that the act of 1905 was not changed in that regard, and that only half the board in each county is to be elected this year. That act provided that the terms of all the trustees should expire that year, and that thereafter the terms of one-half of the trustees should expire each succeeding year. In amending the statute it was necessary to quote that part of it, which gave rise to the impression that the quotation referred to this year.

A Wasted Life.

Miss Amanda Crandall, ninety-one years old, one of the oldest residents of Lebanon, Ky., died last week after an illness of over a year. She boasted all her life of never having been kissed by a man, and is said to have never had a beau. Miss Crandall was born and lived continuously in the house in which she died. She never rode in a railroad train, electric car or automobile.

STOCK, CROP AND FARM NOTES.

—The Mercer County Fair and Horse Show will be held in Harrodsburg, beginning July 30 and continuing for four days.

—Great damage has been done in the county along the Clark and Montgomery lines by a water spout, which followed the tremendous rains.

—Hop growers on the Pacific coast have threatened to cease planting the vine so essential to the production of beer if transcontinental freight rates on hops are not reduced.

—John S. Madden Friday bought of James Snell the fast three-year-old trotting fly Dorothy Gay, by Peter the Great, dam Susie Darnaby. Dorothy Gay took a record of 2:22 3-4 here last week.

—Mr. Leon Renaker has purchased hundreds of lambs in Clark county for July and August deliveries, and is beginning to ship them to the city markets. From 9 to 6 1-2 cents is the prevailing price.

—A Danville special says: "The first sale of \$8.00 cattle since the Civil War was made by the Gentry Bros. to an Eastern firm when they sold a bunch of 132 cattle, averaging about 1,500 pounds, at 8 cents per pound."

—Contractor T. C. Louney, of Danville, has been awarded the contract to build the new tobacco storage warehouse to be built by the Liggett & Myers Company, in that city. Work on the structure has already been commenced, and it will be ready for the fall market. The warehouse will be the largest in Central Kentucky.

—Announcement was made in Lexington that options have been secured by Cincinnati parties on property fronting 300 feet on South Broadway, and extending back 150 feet to Plunket street, including practically a whole block in the tobacco warehouse district, as a site for another mammoth warehouse to be erected by Cincinnatians.

—Excited trading in wheat and corn in Chicago, Friday, resulted from the news of the sinking of the Italian war vessels in the Dardanelles and the closing of the passage. Shutting off grain from the Black Sea ports of Russia and other countries meant the stoppage of one of the chief sources of European supplies. Wheat prices jumped as much as 2 3-8c, and corn 2c.

—Cement silos, fourteen feet in diameter and thirty feet high, can be erected at a cost of \$163 is the estimate furnished Commissioner of Agriculture Newman by Stanley F. Reed, of Maysville. The Department of Agriculture furnished forms, and specifications and a man to superintend the erection of two or three silos in each county in the State. The first silo built under the direction of the Department is in Mason county on the farm of A. H. Calvert and was erected at a cost of \$163. The department is doing this work in order to show the farmers the feasibility and practicability of substituting cement silos for wooden silos. A wooden silo will last about twelve years while a cement silo will stand forever.

Day of the Whip.

The dreaded "cat" is probably the best known of old naval punishments. Whipping was provided for at least as long ago as the fifteenth century, and in Drake's time the regular treading of the ship's boys by the boatswain on Monday morning was regarded as the only means of insuring a fair wind for the rest of the week.

Easy Ink Eraser.

A blot of ink on your paper may be easily removed by means of one of those little emery cardboard strips that are used for manicuring the nails. Just rub it lightly over the ink after blotting carefully, and it will remove every trace, yet leave the paper in good condition.

was paid at a banquet to Henry Clay in New Orleans in 1842. Mighty costly for those with stomach trouble or indigestion. Today people everywhere use Dr. King's New Life Pills for these troubles as well as liver, kidney and bowel disorders. Easy, safe, sure. Only 25 cents at Oberdorfer's.

Confusions of Effects.

"Things didn't seem to work together in your series of dramatic representations." "They didn't," admitted Stormington Barnes. "When we played tragedy the box office receipts were a farce, and when we played farce they were a tragedy."—Washington Star.

blow with terrific force at the far north and play havoc with the skin, causing rough, red or sore chapped hands and lips that need Bucklen's Arnica Salve to heal them. It makes the skin soft and smooth. Unrivaled for cold-sores, also burns, boils, ulcers, cuts, bruises and piles. Only 25 cents at Oberdorfer's.

Doing as Romans Do.

When I am in Rome I fast as the Romans do; when I am at Milan I do not fast. So likewise you, whatever church you come to, observe the custom of the place, if you would neither give offense to others, nor take offense from them.—St. Ambrose's Advice to St. Austin on Sabbath Keeping.

If you are a housewife you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your stomach and bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

Freak Fashion Disapproved.

A freak fashion on the part of a man who has been attracting considerable attention of late at the theaters in London is regarded by the West end dress experts with contempt. With the regulation black evening dress and white collar and tie this eccentric wears a black shirt front, relieved by a white waistcoat.

Dysentery is always serious and often a dangerous disease, but it can be cured. Chamberlain's Colic, Cholera and Diarrhoea Remedy has cured it even when malignant and epidemic. For sale by all dealers.

Man Worships Something.

Man always worships something; always he sees the Infinite shadowed forth in something finite; and indeed, can and must so see it in any finite thing, once tempt him well to fix his eyes thereon.—Carlyle.

Notice To Contractors.

Sealed bids will be received by the Board of Trustees of the W. W. Massie Hospital in Paris, Ky., in accordance with the plans and specifications of H. L. Rowe, Architect, of Lexington, Ky. The plans and specifications for this work can be seen either at the office of the Architect or at the office of the First National Bank of Paris, Ky., by July 16th, 1912.

All bids must be addressed to the Board of Trustees of the new hospital, and must be sent by mail to Mrs. W. E. Simms, of Paris, Ky., and said bids must be in the hands of Mrs. W. E. Simms not later than 10 a. m. July 27, 1912, after which time and date no additional bids will be considered, and received.

All bids must be accompanied by a certified check, equal in amount of five per cent of the bids, and same must be made payable to Mrs. E. F. Clay of Paris, Ky., same to be guaranteed that the builder within three days will enter into a contract with the board of Trustees in accordance with his bid and give a good and sufficient bond for the faithful execution of same.

Bids will be received for the work complete in all of its details with the exception of the electrical work, plumbing, heating, elevator and dumb waiter, for these last five items, separate bids will be asked for. All general contractors must make a separate item of cost of the colored department and its completion.

The board of trustees reserve the right to reject any or all bids.

By order of the Board of Trustees,
MRS. E. F. CLAY,
MRS. W. E. SIMMS,

A Hero In a Lighthouse.

For years J. S. Donahue, So. Havn, Mich., a civil war captain, as a lighthouse keeper averted awful wrecks, but a queer fact is that he might have been a wreck himself. Electric Bitters had not prevented. "They cured me of kidney troubles and chills," he writes, "after I had taken other so-called cures for years, without benefit, and they also improved my sight." "Now, at seventy, I am feeling fine." For dyspepsia, indigestion, all stomach, liver and kidney troubles, they are without equal. Try them. Only 50 cents at Oberdorfer's.

A French jeweler has made a perfect watch and set it inside a pearl only a little more than half an inch in diameter.

How Taste Is Cultivated.

People who live in climates where malaria abounds, frequently have to take so much quinine that they get to love the taste of it, and to take it daily, even when they do not need it just because it tastes good to them. And yet quinine is one of the bitterest of drugs and these same people did they move away from the malarial district for a few years, would soon get to detest the taste of it.

THE COST OF PAINTING

is lowest if you use S. W. P.

The greatest part of the cost in painting is the labor. The paint itself is only about one-third of the cost.

Poor paint makes the labor cost more, first because it takes longer to apply it; second because you have to repaint oftener.

Even the apparent saving in cost per gallon of the poor paint is eaten up by its low covering capacity; it takes more gallons of the poor paint to do the job.

Cost of paint and cost of labor are both lower with S. W. P.

Orphans Win Out In The Ninth Inning.

How Paris lost to Mt. Sterling yesterday afternoon is very clear, but the direct cause will perhaps forever remain a mystery. Boniosh will never forget the lacing the Orphans gave his offering in the fatal round, which snatched an apparent victory from the big chief, and by grace of a lenient score-keeper gave the visitors five earned tallies. Withal there was no excuse for defeat and a deserved criticism goes not amiss.

Some are inclined to lay the blame upon "Plunk" Sweeney, a substitute ump, who held the indicator in the contest, but the "hammer" is out beating a deserved "tattoo" on the entire Bourbonite aggregation from the bat boy to the manager.

With the Bourbonites leading by a margin of one run in the ninth, the Orphans were allowed to pile up five runs and carry off a game that should have been annexed to the winning column of the Paris aggregation. All through the contest Boniosh pitched winning ball, although greatly handicapped by slow fielding, which perhaps increased the number of extra hits.

In the ninth round something happened not to the discredit of Boniosh which changed the complexion of the contest.

To enumerate the number of plays that were pulled in the final round would be impossible. Ten of the Orphans faced Boniosh in the last inning and through the kindness of the scoremen seven of the number were registered with hits. At any rate we can not see cause to lay the blame upon Boniosh. The four defeats he has suffered since joining the Paris club should have been victories and the majority of the patrons of the game agree in this opinion. If it is mismanagement or prejudice there should be a remedy and in either case it should be applied without hesitancy to satisfy the patrons of the game and help baseball.

The trouble started when the umpire failed to call Valandingham out on a drive to Mollenkamp who allowed the runner to make first safely and after Sanford had hit for three bases. This was the first of the series of hits after which the Indian seemed to lose heart and handed the contest to the cellar chumps.

Paris lost to Maysville in the second game of the series Friday by a score of 4 to 0. Vance, who pitched for the Livermen, was invincible, and held the locals with apparent ease throughout the contest, allowing but three hits. Applegate pitched for Paris and while the hits made off his delivery were very few, his team mates behind him fielded loosely.

With Hauser on the mound Saturday afternoon the last game of the series went to Paris in an easy fashion. The locals used the stick very effectively on the slants of Grover, the big league prospect, and connected with the ball when hits meant runs. After the sixth inning Hauser eased up and did not exert himself only in pinches.

The game Sunday afternoon between Paris and Richmond was postponed on account of the heavy rain which fell about one o'clock, leaving the grounds in a wet condition.

NOTES.

With Hicks out of the game with a bad finger, Goodman has been pressed into service at the receiving end and during the last week caught five games. In spite of the fact that he was suffering intensely with an injury to his left hand sustained while sliding to a base in Mt. Sterling, Goodman did extremely well behind the bat and not till another catcher was secured would he quit the game. The Paris management has signed Catcher Schultz, late of the Mountain State League.

The Paris team will have some tough going the remainder of the week, and will play three double-headers, one of which will be played on foreign grounds and the remaining two at home. Following is the schedule for the week:

Tuesday—Mt. Sterling at Paris.
Wednesday—Paris at Frankfort.
Thursday—Paris at Richmond, two games.
Friday—Paris at Richmond.
Saturday—Richmond at Paris, two games.

In the game Saturday afternoon between Paris and Maysville, First Baseman Mollenkamp performed the most unusual stunt of hitting the Bull Durham sign in left field. The long blow came in the seventh inning when Mollenkamp drove the sphere to the tobacco sign, and will receive for his pains a check for \$50 from the American Tobacco Co. As the "Bull" sign is located more than four hundred feet from the stand it was impossible to distinguish whether or not the ball struck it above the ground the required number of inches, but outfielder Langenham, of the Maysville club, made affidavit to the effect that the ball struck the sign more than six inches from the ground. During the three years the "Bull" sign has been on the local grounds this is the first time it has been hit by a batted ball in a championship game, although on several occasions many have come very close.

■ Educational Division No. 2.—Sub-district No. 5, white; Nos. 1, 2, 4 and 5, colored.

■ Educational Division No. 3.—Sub-districts Nos. 2, 3, 4 and 6, white; No. 4 colored.

■ Educational Division No. 4.—Sub-districts Nos. 1, 3, and 4, white; sub-districts Nos. 1 and 3 colored.

■ Educational Districts No. 5.—Sub-districts Nos. 1, 2, and 4, white; Nos. 1 and 2, colored.

■ Educational Division No. 6.—Sub-districts Nos. 1, 2, 3, and 4, white; Nos. 1, 2, 3, and 5, colored.

League Games Postponed.

The Louisville Times says: "The Frankfort-Mt. Sterling games of the Bluegrass scheduled for July 26 and 27 have been postponed to a later date. This action was necessary when it was found that fair dates at both towns on these days furnished a counter-attraction."

"President Neal returned to Louisville Friday from his third journey around the circuit, and praises highly the quality of talent in the thriving little league this season. Every town he visited he found that scouts had been inquiring for players, and while a few have been sold, it is expected that, before the drafting season opens, the Bluegrass League will break all Class D records in this line."

Injured While Playing With Rope

While playing with a rope attached to a pulley in a stable where her father was engaged in hoisting hay to the loft, little Lucy Hall Ferguson, daughter of Mr. and Mrs. V. W. Ferguson, of near Centerville, was painfully hurt. The rope was drawn through her hand with such force as to burn the flesh from a portion of it. Dr. Frank Fithian, who attended the injured girl, was fearful at first that amputation of two fingers would be necessary, but the hand is improving nicely.

Big Amounts Paid in Insurance.

According to the computations of the Insurance Press the life insurance organizations of the United States and Canada distributed during the year of 1911 a total of \$592,640,000.

The payments in the two countries to beneficiaries for death claims, matured endowments and other benefits under the policies of level-premium companies and the certificates of various insurance organizations amounted to \$401,140,000, while the payments for dividends and for the surrender values to annuitants and on claims in foreign countries amounted to \$191,500,000.

Paris is way up on the list of the towns of the State of Kentucky, and during the year of 1911 a total of \$34,000 was paid to the beneficiaries of life insurance companies in this city.

\$300,000 Will Be Paid Poolers.

According to A. L. Ferguson, in a statement made at Frankfort Saturday, the Burley tobacco poolers will in the next ten days receive 10 per cent of the money due them, which will leave a balance of 5 per cent coming to the poolers, and that there is now about \$300,000 due from the 1906 and 1907 pools. Fifty per cent of this has already been paid, 10 per cent of which is in Burley Society stock, which is paying good dividends. The explanation was made by Mr. Ferguson, who is Vice President of the Society, to satisfy the poolers of Franklin county, who made inquiry as to why the society had not paid the money to the poolers, and applies to growers from other counties who are in the pool.

Former Parisian Loses Heavily in Fire.

As the result of a fire which started about 2 o'clock Saturday afternoon and which originated in his storeroom, Mr. Dunlap Howe, formerly of this city, suffered the loss of his entire stock of groceries in Carlisle. The fire spread so rapidly that Mr. Howe was unable to save anything from his store.

By hard work the fire department succeeded in confining the flames to the building where it originated. Mr. Howe's loss on his grocery stock will amount to about \$2,000, while the total loss on the building and goods is estimated to be between \$6,000 and \$7,000.

For a time it was thought the fire would result as seriously as those which have visited that city recently, and several other business houses were endangered. The origin of the fire is unknown. Mr. Howe formerly resided in Paris, where he was engaged in the hotel business, and is the father of Mr. Julian Howe, of Paris.

Improvement League Prizes Awarded.

The prizes offered by the Bourbon County School Improvement League for the greatest per cent in increased attendance of the schools of Bourbon county for the year of 1912 over the attendance of 1910 and 1911 have been awarded from the reports of each of the schools filed with the County School Superintendent, Miss Mabel Robbins. The report shows a substantial increase in many of the schools over last year and the five prizes offered were awarded as follows:

First Prize.—Monterey School, Mrs. Alma Pryor, teacher, 26 per cent increase, books to the value of \$25.

Second Prize.—Stony Point School, Miss Bedford Martin, teacher, 23 per cent increase, \$20 in books.

Third Prize.—Jacksonville School, Miss Jennie Miller, teacher, 19 per cent increase, \$15 in books.

Fourth Prize.—Ford's Mill School, Miss Bessie Talbott, teacher, 16 per cent increase, \$10 in books.

Fifth Prize.—Cunningham School, Miss Sadie Clark, teacher, 15 per cent increase, \$5 in books.

Other schools which show an increased attendance over last year were Clay's Cross Roads School, 14 per cent increase; Kiserston, and Bethel School, 10 per cent, and the Clintonville School with an increase of 9 per cent.

DEATHS.

SHAWHAN.

News of the death of Mr. George H. Shawhan, which occurred in Lone Jack, Mo., has been received in this city. Mr. Shawhan was formerly of Bourbon county, and has for a number of years been identified with the tobacco and liquor interests of Missouri.

Mr. Shawhan was born in Bourbon county in 1843, and was a son of the late Dan and Minerva Shawhan. His early life was spent on the farm of his father, near Shawhan station, and he was identified with the distillery interests of his father.

At the outbreak of the civil war he enlisted in a company formed by Capt. Harry Bedford, of Bourbon county, and served under Gen. John H. Morgan until captured during the raid of the famous cavalry leader through Ohio.

He was married to Miss Mollie Tamm, of Shawhan, who, with several children survive. Mr. Shawhan had been a prominent business man of Lone Jack, Mo., during the number of years of his residence there.

PAYNE.

—Mrs. Suzanna Payne, aged 63 years, died at the home of her daughter, Mrs. Arche Payne, on Winchester street in this city, Sunday afternoon at one o'clock. Mrs. Payne was formerly of Park's Hill, Nicholas county, and has been a sufferer for many years from rheumatism, which was the direct cause of her death. She is survived by her husband and nine children, all of whom are grown. Rev. E. M. Lightfoot conducted the funeral services at the home of Mrs. Crawford yesterday morning and the body was taken to Carlisle yesterday at noon for interment in the Carlisle cemetery.

ALTMAYER.

—Mr. George Altmeyer, formerly of Paris, died at his home in Rushville, Indiana, early Thursday morning after a protracted illness. He was a cigar-maker by trade and is survived by his wife, six sisters and one brother, as follows: Mrs. Frank Devine; Mrs. Frank Burgoyne, Miss Maggie Altmeyer, and Mr. John Altmeyer, of Maysville; and Mrs. Albert Huff, of Huntington, W. Va. Several years ago Mr. Altmeyer conducted a cigar factory in this city.

HARRIS.

—Mr. R. C. Harris, of North Middletown, aged 63 years, died at his home after a protracted illness. He is survived by his wife, two children and three sisters, Mrs. John Sweeney, of North Middletown; Mrs. Amanda Gorman, of Louisville; and Mrs. Avilina Winston, of Paris. Mr. Harris was also a brother of Mrs. C. H. Lowe, of Winchester. The funeral services were held in the North Middletown cemetery, conducted by Rev. J. W. Ligon.

WEEKS—BAMBERG.

—Mr. George Davis Weeks and Miss Fannie Bamberg were united in marriage Thursday afternoon at 5:30 o'clock in Fort Scott, Kansas, at the home of the bride's aunt, Mrs. J. C. Gilbert, Rev. Smith, of the Presbyterian church, officiating. This announcement came as a distinct surprise to the Paris friends of the young couple.

Mr. Weeks left Paris Thursday morning for a trip to Fort Worth, but kept his plans secret. He is yard clerk for the Louisville & Nashville railroad, and is the only child of Mrs. Nellie Davis Weeks, and a grandson of Mr. Geo. W. Davis.

The bride was for several years a student at the Bourbon Female College, and while here she met Mr. Weeks, when a strong attachment was formed, resulting in the happy culmination last Thursday.

The couple returned to Paris Friday night and will reside at the home of Mr. Geo. W. Davis, on High street.

Not in Paris, of Course!

The Cincinnati Enquirer yesterday had the following: "Bobby Quinn, the competent and cheerful Secretary of the Columbus Club, was a visitor, coming from the Blue Grass, where he has been doing a little scouting. Bob says that a scout has to have his eyes peeled and his hand in his pocketbook these days. 'In one town down there' said he, 'there was a pitcher with a hinky-dink motion, a little fellow who wouldn't be worth 10 cents to a Class A club. I was setting in the stand, watching another fellow work, when the President of the club slipped up to me and asked who I liked certain players on the team. I replied as politely as I could and he finally got around to the pitcher, who happened to win the game, through no fault of his own. I said he looked pretty good, preferring to tell a story than to knock the fellow. Then the club power, told me a lot of big league people were after him but he would let me have him for \$600. I told him to let him go to one of the big leagues, and the next day the pitcher was released unconditionally. That's what you're up against all the time in some of these minor leagues were they are trying to sell players to make both ends meet."

Caution For Automobiles.

Many complaints have been made concerning the fast driving of automobiles, which is being so generally practiced within the city limits. I desire to call the attention of all owners and drivers of motor cars to the city ordinance which prohibits driving faster than eight miles per hour on straight street and five miles per hour in turning corners.

The police will be instructed to prosecute all violators of the ordinance. Take warning and act accordingly. J. T. HINTON, Mayor.

BOURBON CIRCUIT COURT.

Robt. H. Wilson and Isaac Wilson, Plaintiffs.

Vs.—Notice of Sale.

Sallie C. Corbin, Etc., Defendants

Under and by virtue of a judgment of the Bourbon Circuit Court, rendered in the above styled action, at the June, 1912, term, the undersigned Special Commissioner of the Bourbon Circuit Court, will sell at public auction to the highest and best bidder at the court house door, in the city of Paris, Kentucky, at about the hour of 11 o'clock a. m., on

MONDAY, AUGUST 5,

the following described property: That certain tract of land in Bourbon County, Kentucky, on the Paris and Paris turnpike, about seven miles from the city of Paris, containing about 115 acres, known as the Corbin farm. About 30 acres thereof being on the northeast side of said turnpike and the remainder on the opposite side thereof. Said land is adjoining the Steele heirs on the north and Steele heirs and John J. Piper and G. A. Smedley on the east side; John J. Piper and Mrs. Agnes Jacoby on the west side, and being the same tract of land conveyed by Tazewell Marr and T. K. and B. B. Marsh, in trust for Rachel Corbin and her children by deed of record in the office of the Clerk of Bourbon County Court in Deed Book 44, Page 253.

Said sale being made to satisfy a judgment of Robert H. Wilson against the defendants, Sallie C. Corbin and Mattie Corbin, for the sum of \$4,000.00, with 6 per cent interest thereon from the 15th day of March, 1910, until paid, and for the further judgment of Isaac W. Wilson against the said defendants for the sum of \$2,000.00, with 6 per cent interest from the 15th day of March, 1910, until paid, and the additional sum of \$157.10 court costs.

Said sale will be made upon the credits of six, twelve and eighteen months for equal parts of the purchase money, the purchaser being required to execute bond for equal installments of the purchase price, with good security, to be approved by said Master Commissioner, payable to said Commissioner, and bearing interest at the rate of 6 per cent per annum from date until paid, and to retain a lien upon the property until fully paid, and to have force and effect of a judgment.

Heavy Fine Placed on Negro.

Jim Bayless, colored, was in police
court Friday on a charge of the breach
of the peace and was assessed a fine
of \$50 and costs by Judge January.
Bayless had in the past several months
been in court on similar charges and
as it is the desire of the authorities to
rid the community of all objection-
able characters, a heavy fine was placed
on the negro, whose offending dis-
position has cost him several dollars in
the city court.

Dear Amy:-

I've just bought me a new kitchen cabinet,
and now it's just fun to get a dinner ready. I
never knew what a convenience a kitchen cabi-
net was until I got mine.

If you haven't bought one yet, by all means,
do so at once. You'll save enough from things
you would waste, in just a few months, to pay
for it; and it will save you hundreds of steps
every day. I wouldn't take anything for mine.
Baby John is getting better.

DR. DOLLE'S MESSAGE TO MEN YOU CAN BE CURED BY

DR. C. L. DOLLE. Why Take Treatment That Is Doing You No Good, When a Few Days under the care of Dr. Dolle Will Show You How Easy It Is to Cure These Diseases When the Proper Treatment Is Administered.

Have you treated for months and years, and been disappointed until you think that you cannot be cured? You, no doubt, all this time have been treated by inexperienced doctors who had neither sufficient knowledge nor experience to know how to cure you.

These are the diseases of which I have cured so many, justly giving me the reputation for cures of which I am so proud.

Blood Diseases, Skin Diseases I will give you treatment that will in a few days cure all rash, spots and every skin symptom. My treatment gets the poison out of the system instead of driving it in like ordinary treatments. I cure blood diseases and skin diseases so they cannot come back.

Varicocele, causing aching or pain in groin or back, Nervousness, Weakness, Loss of Vitality, Lack of Ambition—

My one-treatment cure is what you should have and what you will have to have to be cured right. Only one visit is required. I do no cutting and you suffer no pain nor trouble. All signs disappear in a few days.

Nervous Troubles, Lost Vitality My combined treatment for these troubles so common among those who have become weak and worn out, who have caused it by folly, dissipation and excesses, is remarkably good. No one believes how quickly it benefits until they have taken it.

It overcomes weakness, nervousness, pain in back, lack of energy, ambition and strength—it's the treatment I have found so effective in treating such diseases.

Kidney and Bladder Troubles are scientifically cured by me. My methods immediately benefit you, and the majority of cases I cure come from physicians and specialists who failed.

Piles, Fistulae—I can cure you so quickly and easily that you will be surprised. I will give you just the result and cure you are looking for without a surgical operation.

Acute Diseases—Itching, Burning, remedies seldom cure. My treatment stops every symptom and cures in a few days. It is scientific—that's the only sure way to be cured so it will not come back.

You can take my Treatment without a cent and pay me after I cure you. I know that I can give you new life, new hope, and can restore you back to health and happiness. I know that every man will pay after I have eliminated every trace of disease from his system. Microscopic and analytical urinalysis FREE. I have written a book that ought to be in the hands of every suffering man in this country. I will send you a copy, free, if you will write me at once the disease for which you desire treatment. Hours, 9 to 4; Sundays, 9 to 1 p. m. Evenings, 7 to 9 on Monday, Wednesday and Saturday nights.

FIGHT ON TURKEY PARASITES

Youngsters Must Be Protected From Excessive Heat and Dampness, Says Government Bulletin.

No kind of young poultry is so susceptible to the effects of unfavorable conditions as the young turkey. They must be carefully protected from the attacks of parasites, and from excessive heat and dampness, says a government bulletin, until they have gained sufficient strength and size to wander away with the parent turkeys and care for themselves on the range.

The chief danger from lice and mites attacks to the poult is directly after the poult is hatched, but the best remedy is to deal with the hen before the young are hatched. The plumage of the hen should be dusted with insect powder, and close down to the skin from head to hock joint, being careful not to get it into the eyes. This should be done at least twice a week until two or three days before hatching.

The most careful attentions should be given to this. Never use lime or sulphur for this purpose. Nothing is better than some insect powder, if it does not contain ingredients that are injurious to the eyes.

It may often occur, however, that the hen will not have been properly treated, and also the lice and mites will be found on the young, and in order that the poult may live and thrive, they must be freed of these enemies. As soon as the young are ready to leave the nest they must be examined carefully for lice, which may be on the top of the head, under the throat or about the wings or vent. Some of them are gray in color and difficult to see.

They may be destroyed by the use of sweet oil, rubbing a small amount upon the head and throat; insect powder is sufficient for the other parts of the body. It is very important that only a small amount of the sweet oil be used, as too much is injurious. Kerosene should never be used to destroy parasites.

ODD WAY FOR DATING EGGS

Rubber Stamp Held in Place in Palm of Hand Performs the Operation—Type Removable.

A Minnesota man has patented an ingenious device for putting the date on eggs. It consists of a rubber stamp of removable type which fits

Dating Eggs.

into apertures in the palm of a glove-like cover which is strapped around palm of the hand. As each egg is picked out of the nest the date is imprinted upon it, and there is no necessity to going all over the day's "crop" after they have been collected. The type, of course, is inked from time to time.

Remedy for Diarrhoea.

When simple remedies fail to correct diarrhoea in birds, give the following: Subnitrate of bismuth, one to four grains twice each day, or pulverized cinnamon bark, two grains twice each day. The soft feed given the bird should be dry or as nearly dry as possible. In case the trouble is checked too abruptly, give from 20 to 30 grains of salts in a tablespoonful of water. One or two grains of calomel in soft water is also a good corrective.

Feed dry feeds—no mash. For the first feeds use plenty of dry oatmeal.

Now is the best time to try your breeding stock.

Chills, wet food and lack of sunshine are the main causes of bowel trouble in chicks.

Where the dropping boards are made of matched lumber the job of cleaning them is easier.

This is a good time to put a square of tar paper in the bottom of each nest box for the benefit of lice.

If a new poultry house is to be built this spring see if there isn't a sandy spot handy on which to locate it.

If all the chickens and full-grown hens run together, the stronger chickens will get most of the feed and keep the others poor.

In operating brooders remember that uniform heat should always be maintained. It is better to have a little too much heat than too little.

INNES AND HIS BAND

WILL BE AT THE BLUE GRASS FAIR IN LEXINGTON.

This Orchestral Band Has a Unique Reputation Wherever Good Music Is Appreciated.

The Innes Band to be heard at the Blue Grass Fair at Lexington in August has a unique reputation throughout the whole country. No organization has a higher reputation for the rendition of the great standards in music, and the name of Innes has come to be synonymous with the best there is in the domain of high art.

The services of the band are in constant demand, in fact, its principal work being the giving of festival celebrations in the big cities of the country.

The Innes Band is the result of many years of effort, of unceasing watchfulness to secure the best musicians in the world, of constant and tedious rehearsing, of tireless effort on the part of Innes himself and by the determination of each individual member of the organization to give the best that is in him.

Each player is selected with as much care and consideration as are the several soloists who accompany the Band, and every man must pass a rigid examination by Innes himself, before he is accepted as a member of the Band.

Beatrice Van Loon, the soprano, who is to be heard here during the coming engagement, is one of the younger American singers, who, like Nordica, Mary Garden and Geraldine Farrar, has, by her sensational successes in opera abroad, and in Boston, established herself as one of the world's great singers. She is said to possess a voice of true dramatic brilliancy.

INNES GREAT CONDUCTOR

For twenty years Frederick Neil Innes has been spreading the gospel of music in America and his name, probably more than that of any other great conductors, is closely identified with the movement which has made Wagner known and appreciated throughout the high-ways and by-ways of this country.

Innes' Orchestral Band, which has grown and developed under Mr. Innes' leadership until it stands at the head of organizations of its character, is extending its territory this season in order to meet demands from cities which hitherto have not enjoyed musical advantages such as those nearer New York have been given. This plan is in every way consistent with Mr. Innes' work for years—to encourage and foster in America a love for the best that musical literature has to offer.

This is why the directors of the Fair selected Innes and his players as the big musical feature of the celebration. It was felt that the organization would appeal not only to the musical enthusiast but also to that great body of people who with a natural love for the beautiful are not yet ready to forswear everyone but Bach, Gluck, Beethoven and the other immortals. In addition to the sixty players of his Band, Innes will bring with him several well-known soloists, notably Beatrice Van Loon, soprano, of the Chicago Grand Opera Company.

SADDLE HORSES

Will Be An Important Exhibit at Lexington This Year.

Outstanding in importance among the live stock features of the Blue Grass Fair are the two divisions of the National Saddle Horse Futurities to be contested at Lexington on Tuesday, August 13th, and Wednesday, August 14th. On Tuesday the division for foals of 1912, and on Wednesday the one for 1911 division.

This stake was inaugurated last year by the Saddle and Horse Show Chronicle, and proved to be the best and most exciting exhibition ever given in any ring at any Fair, there being 51 exhibitors.

The renewal of 1911 stake for yearlings, and inaugural of 1912 Futurity under same conditions as last year are already causing widespread interest throughout the country. The approximate value of each is \$1,000, to be divided among the ten best colts or fillies.

The two rings of themselves would make Tuesday and Wednesday the banner days of the Fair.

Three other stakes for saddle horses are also provided: one for \$250 for five-gaited saddle horses, any age; one of \$200 for five-gaited saddle horses, three years old and under; and one of \$200 for three-gaited saddle horses and under. These stakes are always hotly contested and to every lover of the horse are worth going miles to see.

ENGAGEMENT EXTRAORDINARY.

The Blue Grass Fair, at Lexington, has engaged for the week, August 12 to 17, Buhler, in his sensational, death-defying act of lying on the track in front of grand stand and allowing any automobile, any size, any weight, going at full speed, with passengers, to run over his body at the rate of 15 miles an hour.

Don't fail to see Buhler, the automobile fiend, the original and only act of its kind in the world. Positively no protection used.

MAKING YOUR OWN BROODER

Directions and Illustrations Given of Suitable Shelter for the Little Chickens.

In describing a brooder that she had constructed herself and used successfully, Mrs. Belle Stiles says in the Missouri Valley Farmer:

A box 2½ feet wide by 3½ or 4 feet long is made of matched lumber, eight inches deep inside measure. A box cover six inches deep is hinged to

one side, and is hinged again in the center. A notch is made in each end of the box one-third of the way across from the hinged side, with corresponding notches in the cover, and in these notches rests a cylindrical tank for heating the brooder. Windows should be put in the front, and a door in one end. Small holes should be bored in the ends of the cover for ventilation. The cylinder tank is made of gal-

With Tank in Place.

vanized tin, with a hollow tube through the center of such a size that heat from a lamp can be turned in with an elbow. On the top of the cylinder there should be a screw plug for putting in water. The tank when filled with water is heated by the hot air in the hollow tube. This center tube should be long enough to extend through the brooder box and to the lamp set outside. The box should be carpeted with paper or litter, the tank put in place and filled with boiling water, the lamp put in position and the brooder allowed to warm up before the chicks are put in. When in position the cylinder should be two inches from the bottom. After the heat is up the lamp may be turned very low. If the chicks are too warm the cover may be raised and a stick slipped under the edge to give more air. Don't overcrowd. Give plenty of warm water in cold weather. Don't overheat. Give plenty of grit. Keep clean. It's a joy to raise chickens by this method, and these brooders if properly cared for will last for years.

MARGIN OF PROFIT AND LOSS

Record of the Cost of Production and Sales Will Determine Whether Hens Are Paying.

A flock of hens should be made to pay a good dividend on the investment. If they do not do this there is something radically wrong somewhere along the line.

If you have kept a record of the cost of production and the sales you will be able to tell whether or not your hens are paying. Hens that are laying an average of 50 or 60 per cent. are doing well and will make a good showing on the right side of the cash book. Any averages above that will be so much more gain and will more than justify keeping the birds.

If they fall way below this mark you better investigate and find out the cause of the trouble. It may be that you have a poor strain of birds, that you are not feeding the right kinds of foods or in sufficient quantities, or that you are not giving them the proper attention that they must have in order to be great producers.

Studying Needs of One Breed.

It is poor policy for a beginner to endeavor to keep several breeds of poultry. The probabilities are that he will give them all like attention and food when they need to be treated according to their natural dispositions and peculiar needs.

The results are that he will favor a certain breed because they do better for him, when in reality the others would have done just as well if they had received the treatment which was due them. Do not attempt too much, but select a breed and then a variety and stick to them.

Discard Mongrels.

Mongrel fowls should not be kept for egg production because the eggs will be uniform neither in color nor size. This factor of itself is of enough importance to induce one to select a pure breed, even though the mongrels might possibly lay as well as the pure-bred fowls, but this is very doubtful.

Gave Up Hope

"I suffered five years, with awful pains, due to womanly troubles," writes Mrs. M. D. McPherson, from Chad-bourn, N. C. "They grew worse, till I would often faint. I could not walk at all, and I had an awful hurting in my side; also a headache and a backache.

I gave up and thought I would die, but my husband urged me to try Cardui, so, I began, and the first bottle helped me. By the time the third bottle was used, I could do all my work. All the people around here said I would die, but Cardui relieved me."

TAKE CARDUI The Woman's Tonic

For more than 50 years, Cardui has been relieving woman's sufferings, and making weak women strong and well. During this time, thousands of women have written, like Mrs. McPherson, to tell of the really surprising results they obtained by the use of this purely vegetable, tonic remedy for women.

Cardui strengthens, builds, restores, and relieves or prevents unnecessary pain and suffering from womanly troubles. If you are a woman, begin taking Cardui, today.

SUCCESS WITH THE TURKEYS

Hen Will Take Better Care of Poults Than Any Human Can—White Holland for Market.

Choose the largest hens from your own flock keeping some of the old quiet ones and one or two young hens. Get a young tom from some neighbor that has a healthy flock. Never keep two toms on the same farm. The worst enemies turkeys have are crows, rats, coyotes and the cholera.

Barrels or boxes filled one-third with straw, laid in the orchard and partly covered with brush make the best nests. Gather the eggs every evening until a hen wants to set. Then give her 16 to 18 eggs in her own nest and set all the other eggs under chickens at the same time. When hatched give all the turks to the turkey hen.

When the next hen wants to set give her some eggs if there is a full setting, otherwise break her up by upsetting the box or barrel containing her nest. If not allowed to set a turkey hen will lay three settings of eggs. Do not set any as late as July as the turks will only be a bother in cold weather. When hatched the hen may taken them to the alfalfa or wheat field and not come back to her nest. If so, let her go. She will take better

White Holland Turkeys.

care of them than any human can. In feeding give the hen corn to fill up on so she will not rob the turks of their food. Give the turks hard boiled eggs chopped fine once a day in the afternoon.

Nothing equals turkeys as grasshopper and army worm destroyers. A flock will eat many bushels of insects in a season.

The Mammoth Bronze is the Plymouth Rock of the turkey world, the Bourbon Reds though smaller are favorites because of their domesticity and the White Holland turkey is especially prized as a market fowl for its pink white skin. Young hens usually weigh ten pounds, old gobblers twenty-six pounds.

Fattening Ration.

W. A. Lippincott, head of the poultry department of the Kansas Agricultural college, gives the following as an excellent ration for fattening purposes: One part cornmeal, one part oat flour, one part barley meal, one part beef scrap, eight parts butter milk or skim milk. This makes what is called slop feed, as it is thin enough to pour.

Sour milk is an excellent feed for chicks.

Lice increase very rapidly on the sitting hen.

The chicks should not be fed the first day after hatching.

A variety in feeding is one way of keeping the flock in good condition.

Cleanliness is the most important factor in the successful raising of poultry.

A little salt in the food for the hens is an aid to digestion, and so keeps them well and vigorous.

Lack of grit and overfeeding will cause illness and stop the egg yield as quickly as anything else.

It is best to salt the morning mash, but not more than one ounce for 100 head of stock should be used.

Ducks kept entirely on land, must have deep drinking vessels, so they can get their heads under water.

The busy hen is the productive one; hence she should be so fed as to induce the greatest activity, if in confinement.

Ducks are practically immune from cholera, roup and gapes. Their favorite diseases are spinal meningitis and paralysis.

Give the chicks as much range as possible, even if you have to limit that of the old fowls. Exercise is a means of development.

If it were not for lice, poultry raising would be an easy matter. At the same time it is not difficult to rid the henhouses of this pest.

The proportion of down-feathers on the legs of Asiatic chicks when hatched, indicates the amount of feathers they will have when matured.

When the fowl acts dumpy, has a poor appetite, and seems generally out of sorts, it is best to pen it alone for a few days and give a good physic.

The poultry business has been spoken of often as a get-rich-quick scheme but the people who have succeeded can testify that this has not always been the truth.

Your Dollar Buys More

When you buy a Studebaker-E-M-F "30" or Studebaker-Flanders "20" you get more for your money, dollar for dollar, than in any other car built.

There may be other good cars—but what is their price? That's the rub. If they really are good cars, they necessarily cost more because comparatively few are built. Some poor cars, you know, are high priced too, so that the dealer can fool you by cutting the price. What a car is really worth, not what it costs, should be your standard.

The Studebaker Corporation has the largest and best automobile factories in the world. We could build and sell any competing car today for less money than its present price. In your Studebaker-E-M-F "30" or Flanders "20" you get full value, because the biggest factories and the best brains in the industry build these cars.

Studebaker-E-M-F "30" Touring Car, standard equipped, f.o.b. Detroit \$1100. Equipped as above with Top, Windshield, Prest-O-Lite Tank and Speedometer, f.o.b. Detroit \$1190.

Mrs. W. G. Dailey entertained a number of young men with a seven o'clock dinner Tuesday evening, it being the birthday of her son, Mr. Claude Dailey. Mr. Dailey is employed in the office of the L. & N. R. R. at Paris and goes to and from his work every day. He was not aware of what was in store for him until after he had returned home that evening. When he arrived most of the guests had assembled and met him on the front veranda. The evening was delightfully spent.

Mrs. Margaret Mitchell entertained Friday evening from 8 to 12 in honor of Miss Rosina Elder, of Paris. Quite a number of the young folks were present and the evening was delightfully spent. The home was decorated with cut flowers and potted plants. The color scheme pink and white was well carried out. Delightful piano music was furnished and a number of games indulged in. Ices and cakes were served. Among the out-of-town guests present were Misses Rosina and Ruby Elder, Messrs Tom and Eugene Elder, C. T. Speakes and Edward Doty, Paris, Miss Fannie Lee Dalzell, Lexington, Miss Moore, Carlisle, Mr. William Linville, Paris.

Elder Thomas Smith, aged about 50 years, died Sunday morning at his home in Buttersburg, after a brief illness of peritonitis and gallstone. He had been complaining only a few days. He was pastor of the Christian church of Millersburg and on Wednesday night was unable to conduct his prayer meeting service.

On Thursday he was able to be up about the house and no one thought his condition serious. Thursday night he grew much worse but did not call his attending physician, Dr. W. V. Huffman, until Friday morning. As soon as the doctor saw him he realized his condition was critical and that something had to be done immediately. At times during the day Friday and Saturday up till the afternoon it was thought he showed symptoms of being some better. About 5 o'clock Saturday afternoon he took a decided change for the worse and from 8 o'clock on his death was momentarily expected. Elder Smith was a native of England. As he is a comparative stranger here little is known of his life. About twenty-eight years ago he went to Lexington where he took

a theological course at the Bible college, after he returned to his own country and from there to Australia where he preached for a time. About eighteen years ago he returned to America, locating in Texas, and has followed his ministerial pursuits. For a short time during his early life in Texas he was engaged in the real estate business, which proved profitable to him. This he did not continue long and since then his entire time has been given up to his ministerial work. Shortly after going to the Love Star State he married and this union was blessed with three sons. It was his one ambition that these sons be educated from the same institution where he received the best part of his education. After placing two of these sons in the Bible College at Lexington he and his good wife wanted to locate near them. Early in January Elder Smith came to Lexington and as the Millersburg church was without a pastor he was recommended to this charge. He visited the town and was later called by the official board. He was not only a good preacher but an excellent scholar, a fine student and a brilliant lecturer, a good mixer and soon won a host of friends, in other churches as well as his own. He was thoroughly devoted to his work and gave it all his time and attention.

The funeral services will be conducted this afternoon at 3:30 o'clock at the Christian church, Elder J. W. Ligon, of Lexington, officiating. The burial will take place in the Millersburg cemetery.

Home Saved in Strange Manner.

That President Clarence LeBus, of the Burley Tobacco Society, was born under a lucky star has generally been conceded by those who know him most intimately, but perhaps his good fortune was never more strikingly evidenced than by an occurrence a few days ago at his old home in Cynthia, which saved him several thousand dollars, and which was so strange as to be almost incredible.

Mr. LeBus owns a handsome residence on East Pike street in Cynthia, which he and his family occupied before removing to Lexington and which is now looked after by his brother, Frank LeBus. A few days ago Mr. Frank LeBus, who carries the keys to the residence, which is unoccupied, decided to look through the house, to see if everything was in order. On his round of inspection he heard water leaking from a water pipe and upon investigation discovered that a miraculous thing had happened without the knowledge or intervention of any one.

A large hole had been burned in the floor of an upstairs room, but a spray of water was playing on the charred boards, having extinguished the blaze before it got under way and spread destruction throughout the mansion. Closer investigation showed that defective electric light wiring had set the floor on fire while the house was locked up, but strange to relate the heat from the flames had partially melted a lead pipe which happened to be located so conveniently near that the water gushed forth and extinguished the incipient conflagration, thus saving the handsome residence. And it was this automatic fire hydrant in operation which attracted Mr. Frank LeBus' attention and showed him the marvelous thing that had come to pass.

The story sounds incredible, but it is vouched for by the Cynthia Log Cabin, one of the most reliable newspapers in the State.

STOCK, CROP AND FARM NOTES.

—Hon. H. G. Garrett, of Winchester, sold to several well-known timbermen of Wolf county, about 50,000 acres of mountain county land. The land has been cleared of practically all the timber and the purchasers plan to fertilize the land with a view of cultivating tobacco.

—C. L. Kerr, of Lexington, sold to L. V. Harkness, of the Walnut Hall Stock Farm, the beautiful 3-year-old dapple gray mare, Iola. Iola is by Dandy Jim, the noted show stallion, and her dam is by Ned. Drennon. The mare will be shown by Mr. Kerr at the various fairs throughout Kentucky this season and will be returned to Mr. Harkness the coming fall.

Will Judge at Lancaster.

Mr. J. Miller Ward, of near this city, has been selected by the directors of the Lancaster fair association to act as judge at their fair which begins in that city to-morrow and continuing for three days. The one judge system which has been established in the last few years will be used in all classes.

King McNamara Sentenced.

In the Fayette Circuit Court yesterday Judge Charles Kerr passed sentence upon John H. (King) McNamara, convicted at the recent session of the Fayette court for the murder of Jacob Keller. The failure of the attorneys for McNamara to ask for a new trial was regarded as an acquiescence in the verdict imposing a sentence of five years upon the prisoner. The verdict of the jury specified that the prisoner should serve his time at labor.

Taken to Carlisle.

James Boyd, arrested in this city, was turned over to the officials of Carlisle by Patrolman Chas. Thomas, Friday. Boyd was arrested by the Paris police on a warrant issued in Carlisle, charging him with striking Durbin Green, of that city, with a pair of brass knucks. He made his escape from Carlisle, but on being located here he was taken into custody. It is said Boyd is wanted in that city on a number of charges.
